PROFESSIONAL SUMMARY

Results-oriented Technical Product Manager and Co-founder with 5+ years of experience in SaaS, Fintech, and Marketplace platforms. Proven track record of bridging the gap between engineering and business to drive product lifecycle from discovery to delivery. Expert in using data analytics (SQL, Python) to unlock insights and inform strategic decisions. Successfully led cross-functional teams to reduce deployment times by 50% and optimize operational costs by 25%. Seeking to leverage technical expertise and customer-centric product vision as a Product Manager in Halan's Digital Lending team.

CORE COMPETENCIES

- **Product Management:** Product Lifecycle Management (PLM), Roadmap Strategy, Agile & Scrum, A/B Testing, User Experience (UX) Optimization.
- **Data & Analytics:** SQL (MySQL, MariaDB), Python (Pandas), Data-Driven Decision Making, KPI Tracking.
- **Technical Domain:** SaaS Architecture, Cloud Infrastructure (AWS, Docker, Kubernetes), CI/CD Pipelines, Full-Stack Development.
- **Tools:** Jira, Git, Postman, Figma, Google Analytics.

PROFESSIONAL EXPERIENCE

eDariba | Cairo, Egypt

Co-founder & Technical Product Manager | Jan 2024 – Present

- Tax technology SaaS platform serving 1000+ vendors.
- Defined the comprehensive product roadmap and technical strategy, aligning development priorities with business objectives in a regulation-heavy Fintech environment.
- Led a cross-functional engineering team using Agile methodologies, establishing workflows that reduced deployment time by 50% and improved system reliability to 99.5% uptime.
- Utilized SQL and data analysis to monitor platform performance and user engagement, driving a 30% optimization in platform efficiency.
- Architected scalable cloud infrastructure (Docker/Kubernetes), cutting operational costs by 25% while ensuring scalability for digital lending/financial transactions.

Qayedny | Cairo, Egypt

Technical Lead & Product Manager | Dec 2024 – Aug 2025

- Spearheaded the end-to-end delivery of a 20+ page digital platform, owning the full lifecycle from design to launch.
- Implemented data-driven product decisions based on user analytics and feedback loops, resulting in improved user engagement and product-market fit.
- Collaborated deeply with design and engineering teams to enhance User Experience (UX), achieving 15% faster loading speeds and a 20% increase in user engagement.
- Mentored team members on Jira and project management best practices, improving task delivery efficiency by 30%.

TechVillage for Marketing Solutions | Cairo, Egypt

Software Engineer | May 2024 – Jun 2024

- Led the development of custom plugins and performance optimization initiatives, reducing website load times by 40%.
- Collaborated with stakeholders to translate business requirements into technical solutions, ensuring 100% design-development consistency.

Ensoulify | Cairo, Egypt

Software Engineer & Technical Lead | Mar 2021 – Oct 2022

- Directed the technical architecture for core web applications, enhancing load times by 20% and automating 80% of server tasks via Docker-based deployment.
- Implemented data analytics infrastructure (Google Tag Manager) to track 90% of key user interactions, enabling data-backed product iterations.

EDUCATION & CERTIFICATIONS

Digital Egypt Pioneers Initiative (DEPI) | Jun 2024 – Aug 2024

- DevOps Professional Certification: Top Achiever among 220,000+ participants.
- Relevant Coursework: CI/CD Pipelines, Cloud Automation, Microservices.

Modern Academy Maadi | 2018 – 2022

- Bachelor's Degree in Computer Science
- Grade: Very Good (**B+**), Graduation Project: Excellent (**A+**).

KEY PROJECTS

- **BeTrend (AI-Powered SaaS):** Built a full-stack AI platform for trend prediction using Frappe/Python. Managed the product from concept to deployment, integrating AI APIs for image analysis.
- **Video Summarization App:** Developed a machine-learning application (Flask/Python) to summarize content, focusing on simplifying complex user flows.
- **Faxes Management System:** Designed a secure internal communication tool, prioritizing data privacy and network security.
